Description
Keep your tools in the workshop neatly organized and always in the right place.

A perforated wall or tool wall is a wall where we can hang tools using various hangers.

The walls are available in different colors (blue, white, gray) and in two standard sizes: 600x600 mm or 1225x600 mm. The panels can be freely assembled side by side.

Various tool hangers and sets of hangers are also available.

Possibility of deviation from the specified external dimensions by up to 10 mm (if you need the exact specified dimensions, please notify us in advance).
